OPEN LISTENING SESSION

FOR THE GREATER AUGUSTA BUSINESS COMMUNITY

Business owners and leaders within the business community are invited to come share any gaps seen in services, shelter, and housing for the homeless that result in a direct or indirect impact to your business and to provide input on solutions to address these gaps.

Hosted by **Wick Johnson** and **Ehrin Simanski** from the Augusta Task Force on Homelessness, this discussion aims to gather valuable input from you. Together, we can work towards implementing real solutions that will make a positive difference in our community.
